Bicentennial of the Superior School of Land Surveying Engineering in the National Language from Wallachia. Remember: Gheorghe Lazăr
Gheorghe Nistor, Cristian Onu, Gabriel Săndulache(Romania)

Keywords: Superior Education, Wallachia, Science

Abstract

The Superior School of Land Surveying Engineering, the first superior education program in Wallachia, was inaugurated two hundred years ago (1818-2018). This memorable event occurred owe to the arduous efforts of a great patriot, Gheorghe Lazăr, who carved a path for Romanians to pursue science and engineering in their maternal language.
